

## **HOPEFULL ABIDING**

*Tekst & muziek: Anton Jansma*

How do we know,  
where we should go,  
to get to our destiny.

When will we see,  
what is to be,  
to find at the end of time.

Restfull delight,  
love shining bright.  
So Im hopefull abiding that peaceful light.

Restfull delight, )  
love shining bright. ) *rustig*  
So Im hopefull abiding that peaceful light. )

So Im hopefull abiding *hard*  
that peaceful light *rustig*
